Flashcards lotto

Target group:
Migrant students who need to learn or to memorise vocabulary (suitable for a non-reading student)

Method	Required time
Magic eye is a game to improve or to memorise vocabulary	**30 /60 min**

Background information for the teaching session:

- use different kind of pedagogical tools in order to teach the immigrants
- develop new kind of materials to use while teaching

Professional competence

- ability to recognize barriers and difficulties in learning (from a cultural and linguistic point of view)
- knowledge of different kind of methods on how to teach non-native speakers

Communication and language skills (part of social and personal comp.)

- knowledge of teaching professional vocabulary
- ability to interact with immigrants
- knowledge of different communication tools

Learning Outcomes:

- student will learn specific vocabulary
- student will learn to work in a group
- student will learn to wait for one's turn

Intercultural and social cohesion (social competence)

- ability to enhance mutual understanding
- ability to develop group building, belonging

Short description of the lesson:

- Students will learn vocabulary in teachers' chosen subject
- The game can be used for a part of the group, while teaching something else for others, or with faster students, while they're waiting, as a break activity or as a repetition.

Equipment needed:

- 20 flashcards
- difficulty level can be adjusted for the students' skill level (number of words, difficulty of words)
- lottos grids of 6 flashgards (laminated for multiple use) or each student makes his grid and writes a word or sentence in each square.
- Pawns or pencil
- flat surface for each

How to use:

- explain the idea and rules to students

First game

- describe each card and ask students to repeat 2 or 3 times.
- Shuffle the cards and describe one by one each card.
- Students listen and mark with a cross when they have the flaschcard.
- The first to finish his grid says "BINGO!"
- he is the big winner

Second game

- .each student draws a card and describes it
