Project GeTinVET 2023-1-DE02-KA220-VET-000156709		
5th Transnational Meeting Vytautas Magnus University Kaunas May 21st – May 22nd 2025		
Main topics	**Content, agreements and assignments**	**Supporting documents in Teams**
The fourth learning module "troubleshooting"	The partner consortium has agreed on a common introduction scenario for the module. A common mind map was developed as an initial working result of the learning module. Three flowcharts were developed in group work. The flowcharts will be saved by the German partner and compiled into a common flowchart **until 11 July** as a second result of the module. Three possible training plans for the module were developed. The German partner will also prepare a common training plan **until 11 July.** All documents can be found in the folder "Meeting → Kaunas → Module 4 Troubleshooting	Meeting → Kaunas → Module 4 Troubleshooting
Adapting the learning modules for country specific use	The learning modules 1 to 3 have been revised. All finalised results will be posted in English in folder 5 'Work package 5 - Interdisciplinary learning modules. All documents in this folder can be translated into the individual national languages as a final version. All documents will be placed in the subfolders of Work package 5 (German, Spanish, Italian, Finnish, Lithuanian and Dutch). The numbering and naming of the documents must be strictly adhered to. Learning modules 1 to 3 must be completed **until 22 June** at the latest.	Work_package 5 → Interdisciplinary learning modules

Main topics	Content, agreements and assignments	Supporting documents in Teams
