

<p>MODULE 2: ERP -SYSTEM SUPPLYCHAIN MANAGEMENT</p>

Key questions (Module 2):

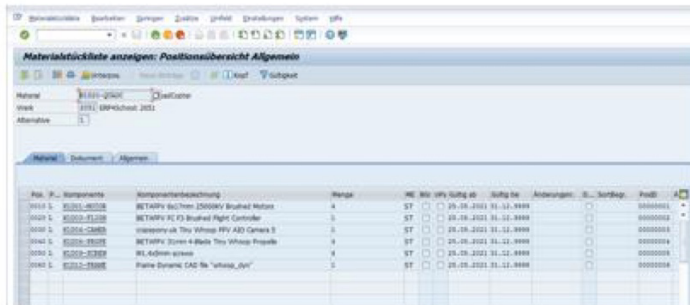

Which data/information is needed to start the production process?

What is an ERP-System?

Module 2: How to get in touch with an ERP-System

Quadcopter – Production and Distribution

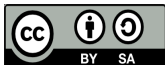

The Learners have to get in touch with an ERP-System.

They explore the material-list of the quadcopter and recognize that they are out of stock for one article.

The next step is to place an order for this article and to do the goods receipt.

After that they collect all the information they have to hand over to the production to start!
