	Helpful to achieving the objective	Harmful to achieving the objective
Internal Origin (attributes of you)	Strengths	Weaknesses
External Origin (attributes of your environment)	Opportunities	Threats

Teaching process aims

- To prepare students to work in a multidisciplinary team.
- To think and to solve common problems, seen from different perspectives and realities, and within a framework of each specific area;
- To develop creativity and to be aware of the importance of designing solutions for a common purpose;
- To take advantage of new technologies to create products that satisfy needs resulting from market studies and SWOT analysis;
- To develop the ability to intervene and to discuss ideas by accepting and working on diversified ideas.

Il computer non è una macchina intelligente che aiuta le persone stupide, anzi è una macchina stupida che funziona solo nelle mani delle persone intelligenti.
